

BIRDYFISH

---

WHEN FLYING BECOMES  
ACCESSIBLE TO  
EVERYONE

# BIRDYFISH

---

**BirdyFish** core idea comes from an observation between young sailors : how to **learn to foil** when only few boats are accessible to novices ?

BirdyFish is the first **double-foils dinghy** targeting all players. Race start of the art technologies dedicated to learners.

“

We managed to see our trainees fly. We really saw people having fun with this boat.

*Baptiste Seux, Les Glénans*

Thrill ≠ risks

“

Very accessible foil dinghy. Quick grip and a huge performance potential !  
The boat is really for all levels of navigation, from the beginner who goes  
discover new sensations to the regatta which will be able to push the  
boundaries with the race version.

*Proust Sailing, reseller Nouvelle Aquitaine*

“

This foil dinghy seemed to us very successful. Not only is it very well finished, but above all it keeps its promise of allow average seasoned crews to discover the joys of flight.
